Different and Dynamic.

Building E is zoned General Commercial and provides maximum exposure from Moffat Boulevard with uses suitable for retail and office. Manteca Commerce Park's difference is found in the vision the developer has for the project. With long term beauty and durability a driving factor, the concrete tilt up construction will maximize the investment potential of this quality project. The "dynamic" element of the project is found in the mixed uses of retail, office and light industrial users that will occupy Manteca Commerce Park, creating its own sense of community. Pricing, approved uses for Building E and other valuable information is provided on page 2.
